

Goal: My objective as your teacher is to help you grow as a person. I care about each of you and I have high expectations for your progress. I will use the math content that is appropriate to your subject to teach life skills that you will be able to carry with you after high school. I will hold you accountable to learn the following skills:

- Problem solving
- Perseverance
- Time management
- Accountability
- Responsibility
- Number sense
- Accuracy
- Performance
- Team work
- Organization

Supplies

- Lined paper and Graph paper
- Writing utensils (prefer pencils but pens are okay)
- Paper organizer (prefer three-ring binder but folder, etc. are okay)

Rules

- Follow all school rules in addition to:
 - o You will respect all members of the class.

Expectations

- Come to class on time.
- Come to class with necessary materials.
- Ask questions when appropriate.
- Complete all assignments.
- Review concepts covered in class on a daily basis.
- Study for assessments.
- Do your best every day!

Grading

- Assessments are worth 70% of your grade
- Assignments are worth 30% of your grade
 - o You will earn 20 points per day towards your assignment grade.

Responsibilities

- You are responsible for your actions
- You are responsible for your grade
- You are responsible for your materials
